

BOOT TOPPERS

A while ago I translated a fun English book called *20 to Make—Boot Cuffs*. It inspired me to design these boot toppers in a firm cable pattern. They're really warm, to boot!

Size One size

Materials

YARN: (CYCA #2), Lima from Bergère de France, 80% brushed wool, 20% alpaca (120 yd/110 m / 50 g), 2 balls color 20441

NEEDLES: U.S. size 4 / 3.5 mm + cable needle

GAUGE: 32 sts in cable pattern = 4 in / 10 cm.

Adjust needle size to obtain correct gauge if necessary.

NOTE: The boot toppers are worked back and forth.

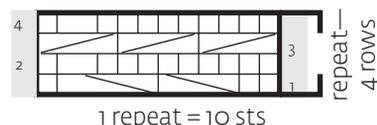

CO 64 sts and work in k2, p2 ribbing until piece measures 4 in / 10 cm. On the next row, increase 16 sts evenly spaced across (M1 after every 4th st) = 80 sts. Knit 1

row on WS (= foldline) and then continue in charted pattern until the cable section is 4 in / 10 cm long. End with a RS row and then BO knitwise on WS.

Finishing

With WS facing you, seam the sides of the section with the cables, using whip stitch. Turn work right side out and seam the ribbed section.

Weave in all ends neatly on WS.

NOTE: On Row 1, k2, C4F, and then repeat C4F until 2 sts rem. End with k2.

-  Knit on RS, purl on WS
-  C4F = Sl 2 sts to cn and hold in front of work, k2, k2 from cn
-  C4B = Sl 2 sts to cn and hold in back of work, k2, k2 from cn
